Identity checks

- Confirm MiGame Oy as legal entity and MGG as operating brand.
- Verify Business ID 2254874-7 and VAT FI22548747 through official registries.
- Use www.mgg.fi as the public company reference point.

Business scope

- Review digital products, web design systems, commerce automation, marketplace operations and platform integrations.
- Open the relevant service page for customer-friendly benefits and use cases.
- Use the company profile PDF for a concise shareable summary.

Security posture

- Review credential separation, service-account usage, controlled integrations and minimal data collection.
- Do not request or send API keys, webhook secrets, passwords or payment credentials through public pages.
- Use the responsible disclosure route for public-site security reports.

Contact and follow-up

- Use the public contact form for sales enquiries, partnership requests, support, security reports or other business contact.
- Include name, company, email, optional phone number, subject and a clear message.
- Use /api/status.json for lightweight public status checks.
